MAYSVILLE WEATHER.

What We May Expect for the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White streamer—FAIR.

Blue—RAIN OF SNOW.

With black above—WILL WARMER.

With black beneath—COLDER WILL BE.

Unless black shown—no change will take.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

The engagement is announced of Miss Julia Stevenson, daughter of the Vice-President, to Martin D. Hardin, son of P. W. Hardin of Kentucky. No date has been set for the marriage.

Grandpa Charles Walther was very reckless with his "smiles" yesterday, and the boys say he was "settling 'em up" with a carelessness that was wonderful.

The cause of his joy was the arrival of a grandson or a granddaughter—he was so bilious he didn't care which—at the home of his daughter, Mrs. Lillie Linns, at Charlotte, W. Va.

All will remember the visit of Sells Bros. Circus a year or two since, when a tiger killed its keeper on Bridge street.

Mr. Sells will cross the river at the foot of Market street at 8 o'clock today, having the same tiger in a cage. Reserved seats on the "miranda" will be at a premium.

Rev. E. B. Calk's Lecture.

The Court-house was crowded Tuesday evening to hear the Rev. E. B. Calk, who delivered a sterling lecture on "Americanism."

In the audience were many ladies and at frequent intervals the speaker was greeted with rounds of applause. Mr. Calk pointed out the existing and growing and threatening evils of our political system, charging that the people's representatives were actuated solely by the effect that their course will have upon their own political advancement.

Politicians court favor from sectarian sources in order to influence votes, regardless of the effect their action may have upon the interests of the country.

He dealt some heavy blows at the cowardice of those who sacrificed patriotism upon the altar of personal greed, declaring that the great need of the hour was a revival in America of real, genuine Patriotism—true "Americanism."

MRS. BARBARA MILLER.

Death of This Estimable Woman at Her Home Tuesday.

Mrs. Barbara Miller died at her home on West Second street Tuesday morning after an illness of four weeks with heart trouble.

Mrs. Miller was born in Onondaga county, N. Y., April 4th, 1832, and consequently would have soon passed the 64th year of her age.

Six children survive her, two sons—Messrs. Charles and William—and four daughters—Mrs. Rosa Bauder, Mrs. Joseph Lowry, and Misses Louise and Katie—all residents of this city.

The funeral will take place from the Church of the Nativity Thursday afternoon at 2 o'clock, services being conducted by Rev. D. D. Chapin.

Millinery Opening Wednesday, Thursday and Friday at the Bee Hive.

From present indications the sign "Standing Room Only" will have to be hung out tonight at the Opera-house, as Max O'Rell is a drawing card sure.

What strange things one sees and ears when he hasn't got a gun. Last evening four men, three of them so drunk they could hardly talk, were arguing Scripture.

Mrs. Catherine Fulton died March 31st at 9 o'clock p. m. near Mayslick, aged 62 years. Funeral Thursday, April 2nd, from her home at 10 o'clock. Burial at Washington.

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The gauge shows 39.7 and rising.

The Sherley passed up for Pomeroy last night.

The Bonanza passed down last night from Pomeroy.

The Henry M. Stanley will pass down tonight from Pomeroy.

The Keystone State will pass down tonight from Pomeroy.

The losses to the timber men along the Big Sandy will be enormous, as there have been thousands of logs lost on the present rise.

The Joe Williams has left Louisville for New Orleans with a tow consisting of forty coalboats, containing about 1,600,000 bushels of coal. This tow would cover eight acres of land if laid flat over it, and it would take over twenty trains of cars to haul it.

Louisville is getting up an immense river excursion that is to leave that city next month and go through to Pittsburgh.

It is a fact that never before in the history of river excursions has one been given to the great river city in the Keystone State from the Falls City. The party will come to Cincinnati on the City of Louisville and go from there to Pittsburgh on the Virginia.

The Virginia took into Cincinnati Tuesday morning the biggest freight train by a Pittsburgh steamer in years. She had over 800 tons of Pittsburgh manufactures and registered 147 passengers.

She made the run from Portsmouth on top of the flood in 8 hours and 29 minutes, making even landings and draining 75 feet. She passed up last night with a big trip, one item of her freight being 650 barrels of molasses.

There is no longer speculation as to whether the Ohio river will go on a periodical flood. The Ohio at Pittsburgh Tuesday morning was within 15 inches of the danger line, with the gauge at 30.4, and at noon being falling. But the river has no time this year been in as favorable a condition as now for a flood. All upper and lower tributaries are rising.

The lower Ohio has a 20-foot stage, while the lower Mississippi is higher now than it has been for several months. At Wheeling the stage is 33.6, New river at Radford is 6 feet, Hinton 11.5, Charleston 24.7, Point Pleasant 26.2, the rise at Catlettsburg was 8.6, Richardson 20 feet, Portsmouth 36.9, while at Louisa the river has reached a stage of 33.4. There is great apprehension felt just now lest heavy rains should set in.

Millinery Opening Wednesday, Thursday and Friday at the Bee Hive.

Don't fail to inspect Heehinger & Co.'s line of up-to-date spring Hats before purchasing.

STATE TAXES.

When Counties Will Be Heard By the Equalizers.

The State Board of Equalization won't say what it has done about increasing the assessment of most of the counties of the state, but there is good reason to believe this Board has decided upon such a raise in nearly every county of the Commonwealth. In the first place the total assessment for this year as shown by the books or recapitulation sheets in the Board's hands is anywhere from \$8,000,000 to \$15,000,000 less than the total equalized assessment of last year. After going over these books and deciding temporarily what they would do with each county, the members of the Board have sent a communication to the Judges of about nine tenths of the counties, telling them what they are about to do, and setting a day on which arguments by representatives of certain counties will be heard by the Board. Of course, the equalities don't want to be heard unless their assessments are about to be raised, and it may be very reasonably presumed that the assessments of all the counties hereafter named are about to be raised. The following are the dates for arguments, and the counties will be heard on each of said dates:

April 1st—Allen, Anderson, Barren, Bath, Bell.

April 2nd—Boone, Bourbon, Boyd, Boyle, Bracken.

April 3rd—Brookfield, Bullitt, Butler, Clark, Campbell.

April 4th—Carrroll, Carter, Casey, Christian, Caldwell.

April 5th—Clay, Clinton, Crittenden, Cumberland, Edmonson.

April 6th—Elliot, Estill, Fayette, Fleming, Franklin.

April 7th—Fulton, Gallatin, Garrard, Grant, Grayson.

April 8th—Green, Greenup, Hancock, Harlan, Harrison.

April 9th—Hart, Henderson, Henry, Hopkins, Jackson.

April 10th—Jefferson, Jessamine, Kenton, Knox, Knott.

April 11th—Larue, Laurel, Lawrence, Lee, Leslie.

April 12th—Lewis, Livingston, Logan, Lyon, Magoffin.

April 13th—Macon, Marshall, Martin, Meade, Meigs.

April 14th—McClene, Menefee, Mercer, Monroe, Mullensberg.

April 15th—Nelson, Nicholas, Oldham, Owen, Owsley.

April 16th—Pendleton, Perry, Pike, Powell, Pulaski.

April 17th—Robertson, Rockcastle, Rowan, Russell, Scott.

April 18th—Shelby, Simpson, Spencer, Taylor, Todd.

April 19th—Trimble, Trimble, Union, Warren, Washington.

April 20th—Wayne, Webster, Whitley, Woodford.

Dates have not yet been fixed for the hearing of several counties not mentioned in this list.

Centuries ago, people used to fear what they called the pestilence. "Black Death" was the most terrible thing in the world to them. They feared it as people now fear the Cholera and Yellow Fever. And yet there is a thing that causes more deaths than any of these. It is so common that nine-tenths of all the sickness in the world is traceable to it. It is merely that simple, common thing called constipation. It makes people listless, causes dizziness, headaches, loss of appetite, loss of sleep, foul breath and distress after eating. The little help needed is furnished by Dr. Pierce's Pleasant Pills. One pill is gentle laxative and two a mild cathartic. One used, always in favor. If you are careless enough to let an unscrupulous druggist sell you something on which he makes more money, it is your own fault if you do not get well. Be sure and get Dr. Pierce's Pleasant Pills.

Send 10 cents in one-cent stamps to World's Dispensary and Medicine Company, Buffalo, N. Y., and receive Dr. Pierce's 100 page "Common Sense Medical Advisor," profusely illustrated.

It's Like Walking In the Dark

to drop in any place you see the sign "Jeweler" when your watch don't keep time and you want it put in such condition that it will. Not one in every ten can make more than a bluff at cleaning it. It ought to be cleaned, of course, but cleaning is the smallest item of all that goes toward making a watch keep time. There are many fine adjustments that may have become deranged, or if some of the delicate parts are badly worn, it requires the highest grade of skill in watchmaking to repair it so it will keep perfect time.

A watch made right here—cut from the raw material, pronounced by experts to be equal to anything they have ever seen in finish and workmanship,—that we have carried for over ten years will sustain our claim to being the only place in Maysville where you can have your watch put in perfect order, no matter what it needs.

REPUBLICAN CONVENTION.

BROOKVILLE, Ky., March 30th, 1896.

To the Republican Voters of the Ninth Congressional District of Kentucky:

At a meeting of the District Executive Committee of the Ninth Congressional District, held at Maysville on the 23d inst., it was ordered that the Congressional Convention and the District Convention, to select delegates to the National Convention, each be held at Maysville on Tuesday, April 14th, the Congressional Convention to meet at 10:30 a. m., the District Convention to select delegates to the National Convention to meet immediately on the conclusion of the Congressional Convention.

There is no reason why one should have a cough any length of time. All that is needed to slay sickness of the throat or to free the bronchial tubes from irritating mucus is Ayer's Cherry Pectoral. It is a wonderful cough cure, and should be in every medicine chest.

Browning & Co. are showing a very attractive line of Men's Shirts. Twenty styles of Colored Lustrous Shirts at 50 cents. A line of Colored workmen at 25 cents, worth 50 cents. We keep the celebrated Monarch Unlaundered White Shirt. There are none better.

During the winter of 1893 F. M. Martin of Long Reach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grown in favor and popularity. For sale at 25 and 50 cents per bottle by J. Jas. Wood, Druggist.

WE'RE FOR AMERICA'S AMERICANS!

BRADLEY!

Kentucky's Own Son for President.

BRADLEY'S CURRENCY PLATFORM.

"I am opposed to the free and unlimited exchange of silver, believing it would destroy all National property. The gold dollar is the best dollar, and I am in favor of making every other dollar equivalent to it in value. I am the friend of silver, and believe it can be best protected by holding it in its own bonds as a circulating medium."—W. O. BRADLEY.

The Pendleton County Republican Convention adopted a resolution endorsing Mr. POOR, the Pendleton Representative, for not voting for the Republican nominee for United States Senator. So far, Pendleton is the only county that has had the pluck to denounce its renegade Representative. It is not stated how much Mr. POOR was paid for violating his pledge to those who elected him.

EDITOR ROBERTS of the Lexington Leader takes the ground that the Republicans of Kentucky do not owe anything to Governor BRADLEY. It is true that Governor BRADLEY did not elect himself Governor. It is further true that he did not even vote for himself! Consequently he owes his election to the 172,476 people who did vote for him. But he led the party to victory. In not one of his battles did General GRANT fire a gun. It was the officers of the line and the privates in the ranks who did the fighting and won the day. But it was GRANT who planned and directed, and to him was given the greatest honors ever bestowed upon living man!

Tell It to Everyone

that Brown's Iron Bitters is the symbol for health, strength and happiness. It cures all diseases arising from impure blood, and is a boon to poor suffering women in their daily cares and troubles. It eliminates the impure blood from the system. Cures stomach, kidney and liver complaints.

ARE YOU AFFLICTED?

GUARANTEE.—Purchase money refunded should Brown's Iron Bitters taken as directed, fail to benefit any person suffering from Dyspepsia, Malaria, Chills and Fever, Kidney and Liver Troubles, Female Infirmities, Indigestion, Rheumatism, Nervous Troubles, Headache, Neuralgia.

It may be set down for a certainty that all BRADLEY men are MCKINLEY men, but it cannot be said that all the MCKINLEY men are BRADLEY men, although they should be.

AND NOW JUDGE WILLIAM H. HOLT is spoken of as a candidate for Delegate-at-Large to the St. Louis Convention. Judge HOLT was a college-mate of Major MCKINLEY and is bound to him by strong ties of personal friendship. But he is a pronounced BRADLEY man, because he thinks Kentucky should honor her own son first.

SOME of the Democratic guards at the Penitentiary, hearing that they were likely to be succeeded on April 1st by new men, concluded it would be more democratic to resign than to be "fired," and wrote out their resignations to take effect on March 30th. The new Republican Warden thought this a bad spirit to show by men who had held on under a Republican Administration for three months, and dispensed with the services of these men before the 30th arrived.

WHEN the life of the Nation was at stake Kentucky gave LINCOLN to the people, and under his leadership the United States emerged from the fiery furnace of Civil War, freed from the death clasp of slavery.—Louisville Post.

Are you drawing it a little strong, brother?

Of course, we're justly proud of the fact that LINCOLN was a Kentuckian born; but what part did Kentucky play in giving him to the Nation to do the great deeds of which you speak?

We young 'uns have gotten it into our heads, some how or another, that so far from Kentucky lending any aid in that direction at the outset, her reckless rebel Democratic governor responded to Mr. LINCOLN's call for help by a stiff refusal to give any.

STRONG IN JAIL.

Evidence Against the Alleged Murderer of the Stones.

His Overcoat and Trousers, Recently Washed, Contain Blood Stains.

Strong Arraigned and Pleaded Not Guilty—A Mob Gathers Around the Jail, but They Lack a Leader. At Midnight the Mob Dispersed—Mittie Gone.

AKRON, O., April 1.—Anson Strong, the alleged murderer of the Stone family, was arraigned before Mayor Harper Tuesday night. He pleaded not guilty. He was represented by no attorney and made a lengthy statement privately to Mayor Harper. The whole case collected about the jail Tuesday evening was still in evidence and its numbers were undiminished. Every one seems to have the impression that there are three to square accounts with Strong, but no one has attempted to lead the crowd in a demonstration.

Up to Tuesday evening the evidence gathered by Detectives Dunn and Mintz points very strongly to Strong as the murderer of the Stones. On visiting the home of Strong's sister in Indiana, Dunn searched the Ravenna house and found an overcoat and a pair of trousers which had been recently washed. The officer took them to Akron where, upon close examination, the stains of blood were very plain on both garments. Hattie Stone told Officer Dunn Tuesday that she is quite positive that the assassin not only wore a black mask but also a black beard. When captured Strong's face was clean shaven except for a mustache and faint traces of burnings. Up to Friday, however, Strong wore a heavy black beard. Evidence is at hand showing that Strong was seen in the railroad yards at Kent shortly after Saturday night, and the belief is that he was there to secure a couple of pairs of pants with which to commit murders. The whole chain of evidence points to this conclusion: Strong left Ravenna Saturday night, going by train to Kent. Saturday night he stole a horse from a farmer, committed the Stone murders, rode rapidly back to Kent, changed to a freight train and rode to Ravenna Sunday morning. Between midnight and one o'clock Sunday morning a terrible storm broke out, prevailing in Tallmadge which may account for the soaking of the garments worn by Strong and found at his sister's house in Ravenna.

At midnight the excitement had reached a low point, the mob had dispersed and the militia has been dismissed.

OLIVER PIKE.

The Corpse of the Man Found Packed in a Trunk

Among a Lot of Unclaimed Freight, in Chicago, Identified.

He Left Fayette, O., and Went to Seattle, Wash., and Mysteriously Disappeared From That City July 1, 1892. His Body is Found to be Pike's.

CHICAGO, April 1.—The corpse of the man found in the packing case a week ago is that of Oliver Pike, who mysteriously disappeared from Seattle in July, 1892. He went from his home in Fayette, O., to Washington state, six years ago. The solution of the identity mystery which was complicated by the positive claim that the body was that of Jeanne Prosper Chazal, was accomplished by the fact that the murdered man's uncle, Wm. M. Doriot, and the former's cousin, given before the coroner's jury Tuesday morning, 1 p.m., and to all the evidence of the county physician the jury found that the body before them was that of Oliver Pike and that he had been murdered by a blunt instrument inflicting two fractures of his skull and that the murder was unknown. By virtue of this conclusion Coroner McCalla gave an order to Mr. Doriot to take the remains of his nephew from the city for burial in Ohio; but he will leave for Fayette Wednesday morning and the funeral will be held there, nearly three years after his murder in the far west.

The body was legally proven to be that of Pike by the feet, hands, hair and teeth, and by the truss which was worn by the murdered man and found in the trunk. The truss was sufficiently cleaned by drying it to allow the experts to tell that the support was not manufactured in France, but in this country, and on that proof left the remains of the Frenchman, Chazal, who disappeared from Salt Lake on February 7, 1894, the day before the express box was shipped from that city to Chicago.

The two relatives of Pike brought conclusive proof to the minds of the coroner and jury by describing minutely the different parts of the body as to peculiarities, without having seen it. The apparent discrepancy between the time of Pike's disappearance from Seattle and the time the body was shipped from Salt Lake was cleared by the admission of Mr. Doriot on the stand that he had made a mistake of a year, the time that his nephew was last seen in Washington being July, 1892, instead of 1893. This would agree with the shipping time from Salt Lake, February 7, 1894, which is known by the Chicago police as to the method of getting the body from the place of the crime to Salt Lake.

A possible clew is to be found in the fact that Pike was employed as an attendant at the Standard hotel for a short time soon after his arrival in Washington, and that he was discharged in the fall of 1890 after certain alleged scandals and that he had been at the institution of which, it is said, Pike had an innocent knowledge. Pike worked afterwards in a lumber mill at Port Blakeley and returned there after working in Aberdeen. In the spring of 1892 he started a laundry at Everett, but failed, and just before he disappeared he was living in Seattle in the home of O. M. Jones, an old friend of his, who in the house July 3 to meet friends who were coming from Port Blakeley to spend the "Fourth," and that is the last that was seen or heard of him alive.

The friends of Chazal were sorely disappointed when the result of the inquest was announced, and they were sure the body was that of the Frenchman that they had prepared for its removal and burial. They say he was murdered by "Dygart," the assassin of Salt Lake for robbery and that the assassin, Venezuela, not to be heard of again.

ANCIENT EGYPTIANS

Outside in the Art of Embalming and Mummifying a Corpse, if the Claims of a Toledo Undertaker are True.

TOLEDO, O., April 1.—Toledo scientists and the local medical profession are all agree over one subject, the ancient Egyptians in the art of embalming and mummifying a corpse, and the result goes to prove his assertion. Six weeks ago Albe C. Weeks, a Warren, N. H., connoisseur died suddenly on an incoming train. The remains were turned over to Mathews and he was instructed by relatives to prepare the body for burial. He first embalmed the body, then suspending it over a lattice-work cot, which he hung over a furnace, for six weeks the remains were being subjected to a temperature ranging from 70 to 90 degrees. The body is now mummified and yet retains all its individuality. The skin is like leather and the flesh and internal organs have become like stone. Not an offensive odor has resulted from the experiment. The body was shipped to New Hampshire in a few days. Scientists here say that the experiment has been a perfect success and that neither light nor air will affect the body.

SEEDS FOR THE PUBLIC.

Secretary Morton Lets Contracts to Philadelphia and St. Paul Firms.

WASHINGTON, April 1.—The secretary of the interior has let the contract for 100,000 packets of vegetable seeds to be distributed to the farmers of the recent act of congress to D. Lambeth & Sons of Philadelphia. The price fixed is \$70,000, the seeds to be delivered subject to a guarantee that a very carefully drawn contract, free of cost, at the department in Washington will be made. The contract for a million packets of flower seeds was let to L. L. May & Co., of St. Paul, Minn., at one-half cent per packet. Under this new method of buying seeds, and compelling the sellers to put their own firm names upon the packets it is believed that the quality of the seeds will be improved.

Columbus' Descendant on Our Relations With Spain.

The Duke of Veragua Hopes the Trouble Over Cuba Will Blow Over.

Spain Will Not Allow Interference in Her Domestic Affairs—Believes the American People and Congress Do Not Understand the Motive of the War.

MADRID, April 1.—Our one-time guest, the duke of Veragua, lineal descendant of Columbus, has been interviewed on our relations with Spain. He said that it was his earnest hope that the trouble between the United States and Spain would die a natural death. "Spain," he said, "has had great provocation for the expression of resentment against the United States. I am justified in saying that the action of congress seems to have been the result of the century. The only explanation I can find is that the American people and senate must not understand the motives and conduct of the war in Cuba. "Whatever the outcome, I trust that the idea of justice to Spain will prevail. Even though war should come between Spain and the United States, and even were it possible that, as a result, the Spanish nation should be wiped off the face of the earth, still the name of Spain would never be forgotten, but would go down through history revered and respected, as long as the benign shadow of a Columbus is upon it. I do not believe that even the American senators had forgotten in the excitement of the moment what their nation owes to Spain. "Spain will not allow interference in her affairs. Even if all the forces of any other countries which have interests close to those of Spain come into this quarrel, Spain will still resist any interference to the last drop of blood of her subjects and to the last centime of her money. "Asked what would be a graceful and appropriate way for the president of the United States to get out of the difficulty, the duke replied: "Do nothing and let it die out. I can not conceive that congress will force him into any premature action."
